

Impacting Youth. Changing Lives.

L.A. Stewart Presentations has a heart and passion for young people. Since 1984, we have been committed to developing confident, respectful leaders who powerfully and positively impact their world.

We are also passionate about equipping schools to create a unified culture where, despite disagreement, everyone is respected...a culture where everyone encourages and helps each other to be their very best. We believe that when students strengthen and build one another up they create an environment of hope where they can reach their individual and collective potential.

Praised for relevance and impact on teen and adult audiences alike, L.A. Stewart energetically captures attention through active audience participation, life-changing stories, music, drama, and discussion.

WE IMPACT YOUTH AND CHANGE LIVES THROUGH:

- Keynotes and workshops for conventions, retreats, rallies, gifted and talented programs, and university audiences
- In-depth student council and student leadership training
- Youth and community leadership conferences
- Interactive school assemblies
- Staff development programs and parent talks
- Brainstorming and discussion sessions
- School/community climate consultations and programs

Helpful, ongoing follow-up is always available to keep your participants energized and excited, guaranteeing long-term results!
